Publicentrist Party USA Platform

1. Strengthening Individual Liberty

- Decriminalize Victimless Crimes: End all laws that criminalize actions where there is no direct victim other than the person committing the act. This includes decriminalizing drug use, sex work, and other personal choices.
- Abolish Unnecessary Permits and Licenses: Remove requirements for yard sale permits and occupational licenses that restrict individuals from selling goods or services on their own property.
- Promote Personal Autonomy: Safeguard individual rights to privacy, free expression, and bodily autonomy, ensuring that government policies do not infringe on personal freedoms.

2. Social Democracy Economy

- Universal Healthcare: Implement a single-payer, universal healthcare system to ensure all citizens have access to comprehensive medical care without financial hardship.
- Affordable Housing: Provide free or affordable housing options to all citizens, addressing homelessness and housing insecurity through public housing initiatives and subsidies.
- Free Education: Offer free college tuition for all students, making higher education accessible to everyone regardless of their financial background.
- Basic Universal Income: Establish a basic universal income to provide financial security and reduce poverty, ensuring every citizen has a minimum standard of living.

- Price Controls: Introduce a markup price cap to prevent excessive profiteering and ensure the affordability of essential goods and services.

3. Strengthening Public Institutions

- Public Ownership of Financial Institutions: Transition the Federal Reserve Bank from a semi-private to a fully public institution. Localize ownership of all banks and financial institutions, making them publicly owned and operated to serve the community's best interests.
- Enhanced Social Safety Nets: Strengthen existing publicly owned institutions, such as Social Security, Medicare, and disability benefits, to better support the disabled and financially disadvantaged.
- Environmental Protection and Sustainability: Reinforce the Environmental Protection Agency (EPA) to implement clean, renewable energy initiatives and halt all fossil fuel production. Introduce a carbon tax on polluters to incentivize environmental responsibility and combat climate change.

Core Values

- Liberty: Uphold and expand individual freedoms and personal autonomy.
- Equality: Ensure equal access to essential services and opportunities for all citizens.
- Community: Foster a sense of shared responsibility and support for one another through robust public institutions.
- Sustainability: Commit to protecting the environment and promoting sustainable practices for the well-being of current and future generations.
- Justice: Advocate for a fair and just society where laws and policies reflect the best interests of all citizens.

Goals

- Economic Security: Create a stable and equitable economy where everyone can thrive.
- Healthcare for All: Achieve universal healthcare coverage, eliminating disparities in health access and outcomes.
- Educational Opportunity: Provide free and accessible education to empower individuals and drive societal progress.
- Environmental Stewardship: Transition to a sustainable, clean energy future, ensuring the protection of natural resources.
- Empowerment of Individuals: Enhance individual freedoms while fostering a supportive and inclusive community.

Conclusion

This platform outlines the key principles and policies of the Publicentrist Party USA, emphasizing a balance between individual liberty and robust public support systems to create a fair, prosperous, and sustainable society.
